

Electric Glass Washers

Crystal Clear Choice

BAR MAID..... THE ULTIMATE GLASS WASHING MACHINES

Throughout the world, leading bar and restaurant chains choose Bar Maid as their way to ensure clean glasses at the bar. No other method scrubs glasses cleaner or faster removing tough soils like lipstick and fruit pulp. Bar Maid Washers deliver...

1. Quick-easy installation...in minutes.

Portable Glass Washers require no special plumbing or electrical hook-ups.

2. Crystal Clear Glasses... fast!!!

Glasses handled only once. No racking, loading or unloading. Less handling means less breakage.

3. "Built Tougher".... best quality and reliability.

Only Bar Maid uses heavy grade polished stainless, the best bronze plate bearings and motors with sealed bearings for long reliable life in the busiest bars.

4. Safety and Sanitation... tested and approved!

Bar Maid machines are approved to the tough standards set by UL, NSF, CSA (Canada), CE, and many other standards agencies throughout the world.

"A" Series Upright Glass Washer

Cleaner glasses faster with Bar Maid's "A" Series Washers. The powerful enclosed motor sits above the water and features our exclusive sealed lower bearing and Splashgard® for long reliable life.

**Model: A-200 & A-205
Upright**

"SS" Series Submersible Glass Washer

The compact Bar Maid "SS" series Submersible is the ultimate combination of quality, reliability and versatility. The partially submerged sealed motor helps to maintain warm water temperature. Uses optional accessory brushes to clean almost any size or shape of glassware. Inexpensive to buy and built to stay that way.

**Model: SS-100 & SS-101
Submersible**

All Bar Maid Glass Washers install in virtually any sink in seconds with no special plumbing or electrical hook-ups. The center brush scrubs the inside of the glass, while the four outside brushes simultaneously clean the outside. Nothing gets glassware cleaner. Using a two or three sink system, a LoSuds detergent is used with the machine to wash followed by a rinse/sanitize in the second sink or a rinse then sanitize in the second and third sink.
